World Is On Fire In The "Non-Integrating Map"

As Reported in Doc Marquis' DVD, "The Illuminati Is Fulfilling Bible Prophecy".

I. The Illuminati is expanding its war against the "Non-Integrating Gap" countries even as she draws down her forces in Iraq and Afghanistan!

Repressive governments bordering on vital waterways -- Red Sea, Gulf of Aden and Arabian Sea -- are now under attack from "insurgents", thus necessitating Western intervention! Just as "The Pentagon's New Map" envisions.

Before reading this segment, please have a map of the region up so you can refer to it easily. "Map of This Region"

Key Illuminati Quote: "Our next war in the Gulf will mark a historic tipping point -- the moment when Washington takes real ownership of strategic security in the age of globalization." (NEWS BRIEF: "The Pentagon's New Map", by Thomas P. M. Barnett, U.S. Naval War College, Esquire Magazine, March 2003, p. 174)

Now that the repressive governments of Iraq and Afghanistan have been taken down and their stand against modernization broken, the Illuminati turns its attention to a different Middle Eastern area of "The Non-Integrating Map".

Washington is about to "take real ownership of strategic security" in a section facing strategic ocean waters -- Yemen, Somalia, the Sudan, and Saudi Arabia.

Saudi Arabia - Has key ports on the Red Sea and the Persian Gulf

NEWS BRIEF: "[Saudi royals in al-Qaida bull's-eye](#)",
World Net Daily, September 12, 2010

"The deputy leader of al-Qaida in the Arabian Peninsula has called upon Saudi troops to rebel against the Saudi family and turn their weapons against Israel ... AQAP Deputy Leader Said al-Shihri claims to have received from members of the Saudi armed forces a 'request for guidance' on remaining in their positions or 'join(ing) us in the land of jihad'."

"In calling the Saudi family 'non-believers', al-Shihri appealed to Saudi troops to 'focus on uniting the ranks and calling for jihad for the cause of God within your administrations'."

Since before the attacks of 9/11, the Illuminati has been funding radical insurgents in the fight to overthrow the royal family in Saudi Arabia, thus forcing the pro-Western government to side very closely with Washington for protection.

Very quickly after this report, Washington inked a new arms deal with the Saudis.

NEWS BRIEF: "[Israel reportedly OKs U.S.-Saudi arms deal](#)", JTA News, September 14, 2010

"JERUSALEM (JTA) -- Israel has privately signed off on a proposed arms deal between the United States and Saudi Arabia, a Washington columnist reported. At \$60 billion, the deal is the most expensive arms deal ever. It will be spread out over five to 10 years."

"The deal includes 84 new F-15 fighter planes, and nearly 200 Apache, Black Hawk and Little Bird helicopters, as well as upgrades for 70 other fighter planes."

This news story went on to report that the modern equipment sold to the Saudis would not be as advanced as the same equipment which Israel deploys on equivalent military arms. But, I wonder if the munitions which these new military systems will fire are going to be Depleted Uranium? If they are armed with D.U. weaponry, then this entire region is going to suffer the same deadly fate as are Iraq and Afghanistan. Remember, the massive winds of the region are blowing the uranium contaminated dust 1,000 miles from the battlefield.

Now, let us examine the march of war in other nations in this particular "Non-Integrating Gap".

NEWS BRIEF: "[Thousands Flee Fresh Anti-Militant Offensive In South Yemen](#)", RTT Financial News, September 20, 2010

"Thousands of people have fled their homes in a village in southern Yemen after government troops launched a fresh offensive against some 100 al-Qaeda militants thought to be hiding there ... Fighting erupted between the militants and security forces on Saturday. Though the Yemeni government

is yet to provide an accurate account of the fighting, local reports quoting unnamed officials have indicated that at least two soldiers and three militants have been killed in the clashes."

When you check our map, above, you will see that Yemen faces the Arabian Sea, the Gulf of Aden and the Red Sea. You can see why the Illuminati wants to "**takes real ownership of strategic security**" in this part of the world!

NEWS BRIEF: "[Somalia: Suicide Bomber Attacks at Presidential Gates](#)", The New York Times, September 20, 2010

"A suicide bomber linked to Al Qaeda blew himself up and wounded two soldiers at the gates of the presidential palace in Mogadishu on Monday ... The bomber, armed with an automatic rifle, tried to jump onto an armored vehicle in a convoy of African Union peacekeepers driving onto the palace grounds ... When the African Union troops fired at the bomber, he threw a grenade at them and detonated his explosive device. The attacker was later identified as a former Interior Ministry security guard who had defected to the Shabab, an Islamist rebel group linked to Al Qaeda."

When you check our map, you will see how strategic Somalia is. She borders the Gulf of Aden, but her land opens to the strategic approach to the narrow entrance to the Red Sea!

NEWS BRIEF: "[Can the Obama administration defuse a time bomb' in Sudan?](#)", The Washington Post, September 21, 2010

"SECRETARY OF STATE Hillary Rodham Clinton recently blurted out a rather undiplomatic warning about "a ticking time bomb of enormous consequence." She was talking not

about Afghanistan or Iran or Iraq, but Sudan ... In a matter of months Sudan could present the administration with a major new international crisis, one that has the potential to be even bloodier than the Darfur genocide."

"At stake is one of the top diplomatic achievements of the Bush administration: a 2005 peace accord ending two decades of war between Sudan's Arab-controlled central government and its mainly Christian and animist south. The deal established an autonomous government in the south, and stipulated January 2011 as the date for a referendum on whether the region, which comprises about a third of the huge country, will become independent. "

The Islamic genocide against Christians in the Sudan has been one of the tragedies of the past decade, even though Western Mass Media has underreported it from the very beginning. How important is the southern Sudan to the central government/

"Ms. Clinton spelled out the problem succinctly: It is 'inevitable' that the south will vote for independence in a free and fair referendum. That means the government of President Omar Hassan al-Bashir -- who has been indicted for his crimes in Darfur by the International Criminal Court -- will be expected to peacefully give up a region that contains 80 percent of the country's oil reserves. The odds that Mr. Bashir will cooperate don't look good: The regime has been stalling on everything ..."

Perhaps the only reason the southern part of Sudan may keep the bloodthirsty hounds of the north at bay is that they have recently received quantities of tanks and other heavy military equipment. We can only hope that this is the case, because the Christian population of the southern Sudan has suffered

great losses in the genocide forced upon them by the Islamic north.

Using the "global terrorist threat of al-Qaeda", the Illuminati is spreading their disruptive wars all throughout the "Non-Integrating Gap". The agenda of these wars is the same: to "boot kick" the nations in the Non-Integrating Gap into the 21st Century so that, within a reasonable time, they may be able to integrate into the cashless economy of the global New World Order.

In most cases, the Pentagon's New Map strategy calls for an insurgency called 'al-qaeda' to rise up and threaten the existing government. Or, as in the case of the Sudan, the war being fomented is between a repressive government and the poor population of the south.

Washington can then aid whichever side it chooses to aid, or can even provide supplies and monies to both sides. The objective is to break up the repressive government so that the country can be more easily controlled, and can be forced into accepting International leadership which will propel the country into the technologically advanced New World Order.

DVD

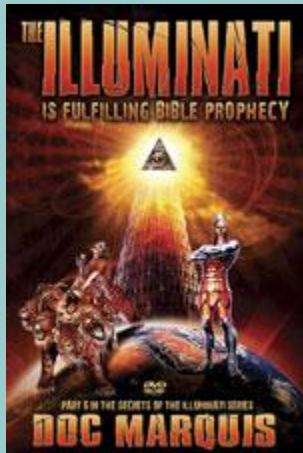

Thus the outcome in Iraq is exactly what the Pentagon's New Map strategy envisions! The repressive dictatorship of Saddam Hussein was overthrown and now the country is controlled by three separate elements: the Kurds in the north and the Sunni and Shi'ite factions in the south. For those of you who believe that the existing central government Baghdad is ruling Iraq, the civil war now

brewing will overthrow the central government, breaking Iraq officially into these three factions.

This is exactly what the Pentagon's New Map strategy envisions. A huge segment of the Middle Eastern "Non-Integrating Map" is now in the fires of war, as the worldwide Illuminati continues to systematically disrupt every repressive government in the region now holding that country back from joining the technologically advanced New World Order.

This Pentagon strategy is the ultimate application of the Masonic dictum, "[Order Out of Chaos](#)"! When Western military and diplomatic forces disrupt a repressive regime so that it loses the tight control of a country which it had heretofore exercised, that country passes into chaos, so that the New World Order may be foisted upon it.

Once you understand this concept, you will be more likely to make sense of the many conflicts now erupting throughout the "Non-Integrating Gap" region of the world.

II. Even the Cuban government of Fidel Castro has seen the light, as he announces plans to change Cuba's Socialist Economy to a more progressive Fascist Economy.

Castro fully intends to voluntarily transform his country into a member of the "Functioning Core"!

NEWS BRIEF: "[Has Fidel Castro become a capitalist?](#)",
The Washington Post, September 9, 2010

"He may be the last one to figure it out, but Fidel Castro's recent observation to Jeffrey Goldberg of the Atlantic that the Cuban economic model 'doesn't even work for us anymore' was nonetheless stunning. It also comes at a time when long-underrated brother Raul Castro, now running the place, has been saying much the same thing, and has been moving quickly to shake things up."

A quick look at the Pentagon's "Non-Integrating Gap" map shows that Cuba is located within the "Non-Integrating Gap" section. Certainly, old Communist Fidel Castro fits the bill of a repressive leader blocking needed reforms and preventing the country from participating in the "Functioning Core" nations

Fidel just hadn't gotten the message yet that a Communist / Socialist economy will never, ever work. Communist leaders of China and Russia got the message quite a while ago, and transformed their economies into a [Fascist System](#). Once the Chinese started operating according to the Fascist economic principles, the Chinese economy began a skyrocketing climb which shows no sign of slowing down. A [Fascist Economy](#) does work and as I reported originally in 1998, it is the planned economy of the New World Order.

In fact, Raul Castro is reportedly enthusiastic about China's Fascist economy and has recently spent time in China examining how the economy works so well.

"... Raul "has visited China and is believed to admire the Chinese model (rampant capitalism in the economy, tight communist control of the government) and to want to install it in Cuba'."

By the way, this explanation of the Chinese economic versus political system is excellent and pretty well defines the Fascist Model.

* The keystone of Capitalism is Private Property ownership. The Fascist Economic Model allows the private owners of businesses to keep ownership.

* But, the Government steps in with heavy regulation, even to the point of dictatorship.

Thus, while Private Ownership continues to control Chinese businesses, the Communist government steps in with heavy regulation. That is the Fascist system in China and it is working well. In America, we began transitioning from a strictly Capitalist Economy to a Fascist Economy in September, 2008, when the "Conservative" Bush Treasury began to hand out "bailout funds" to key businesses in the Banking, Insurance and Automotive Industries.

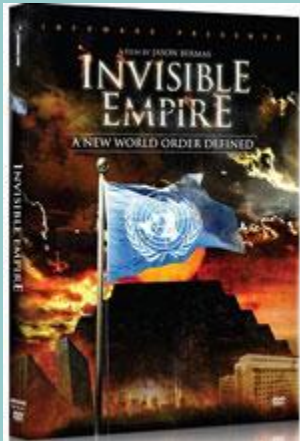

These bailout funds granted the Federal Government stocks of the companies they were "bailing out", equal to the amount of funds provided. Thus, when General Motors accepted \$25 billion of bailout funds, the Federal Government was granted \$25 billion of G. M. stock.

The changeover was dramatized last year, when President Obama fired the CEO of General Motors! Such an act would have been impossible under the old Capitalistic Economy, but is the new way of life in the Fascist Economy.

Now, current Cuban leaders -- the Castro brothers -- are voluntarily scrapping the old Communist / Socialist economy and are replacing it with the Fascist Model so successful in China. The Castro's do not have to worry about American warships appearing off her coasts; she has voluntarily seen

the light and is making the changes so she can become a member of the "Functioning Core"!

I can just hear the Global Elite welcoming Cuba into the New World Order!

III. The British Government is thinking about seizing all private paychecks!

This draconian plan represents taking the next step in subjecting its citizens to the cashless global system now coming upon the entire world.

NEWS BRIEF: "[British Government to Seize All Paychecks](#)", by Alex Jones, InfoWars, September 20, 2010

"Forget big government – the same elite whose policies caused the financial collapse are now ready to launch the next phase of their fascist takeover of the economy – by forcing businesses to send employee paychecks straight to the government, who would then deduct the "appropriate tax" before the employee receives their wage, as the statist cancer of collectivism grows.

"The proposal represents another hammer blow to financial privacy, as the establishment moves towards a total cashless society where every transaction is tracked, traced and controlled by the authorities."

Alex Jones is quite correct in identifying the current government and economy in Great Britain as "Fascist", for the reasons we have stated in the above news articles. Britain has always been at least a decade ahead of America in the planned transformation of society. For example, Britain

installed tens of thousands of surveillance cameras in every conceivable public location imaginable, while in America, conservative groups have fought such proposals to a standstill! In New York City, the police did not get their surveillance cameras in the numbers they were asking until the failed car bomber of a few months ago. Now, they have their cameras.

But, this proposal is shocking to say the least. For British authorities to feel confident in making this proposal public, before it goes into effect, means that authorities believe they have a compliant population. The British people have become "sheep-ple" and Americans are not far behind!

All authority in every possible aspect, is now flowing to the Central Government in Great Britain.

Soon, the American government will be taking the very same action! As American citizens continue to believe the disinformation coming from a compliant Mass Media and as long as they continue to believe that there is a difference between the political parties, the time is hastening to the point where the American government will be announcing a similar plan for American businesses.

However, such a draconian plan could never be advanced by a "Liberal Leftwing" administration; only a "Conservative Rightwing" President could pull such a thing off. Bill Clinton could never have demanded the dictatorial laws which were passed after 9/11, because Conservatives would have jumped all over him and Janet Reno, but Conservatives remained strangely quiet as their "Conservative" President Bush demanded and got the same type of horrible dictatorial laws as Adolf Hitler and Josef Stalin wielded in their day! If you don't believe me, just search on the Internet for complete copies of the Patriot Acts I and II and read them for yourself!

-----Concluding Inspiration -----"Except ye see signs and wonders, ye will not believe." John 4:48

A craving after marvels was a symptom of the sickly state of men's minds in our Lord's day; they refused solid nourishment, and pined after mere wonder. The gospel which they so greatly needed they would not have; the miracles which Jesus did not always choose to give they eagerly demanded. Many nowadays must see signs and wonders, or they will not believe. Some have said in their heart, "I must feel deep horror of soul, or I never will believe in Jesus." But what if you never should feel it, as probably you never may? Will you go to hell out of spite against God, because He will not treat you like another? One has said to himself, "If I had a dream, or if I could feel a sudden shock of I know not what, then I would believe."

Thus you undeserving mortals dream that my Lord is to be dictated to by you! You are beggars at His gate, asking for mercy, and you must needs draw up rules and regulations as to how He shall give that mercy. Think you that He will submit to this? My Master is of a generous spirit, but He has a right royal heart, He spurns all dictation, and maintains His sovereignty of action. Why, dear reader, if such be your case, do you crave for signs and wonders? Is not the gospel its own sign and wonder? Is not this a miracle of miracles, that "God so loved the world that He gave His only begotten Son, that whosoever believeth in Him might not perish"? Surely that precious word, "Whosoever will, let him come and take the water of life freely" and that solemn promise, "Him that cometh unto Me, I will in no wise cast out," are better than signs and wonders!

A truthful Saviour ought to be believed. He is truth itself. Why will you ask proof of the veracity of One who cannot

lie? The devils themselves declared Him to be the Son of God; will you mistrust Him?
