I. Wal-Mart has joined forces with Homeland Security to spy on you!

NEWS BRIEF: "[BIG SIS INVADES WAL-MART: 'IF YOU SEE SOMETHING, SAY SOMETHING'](#)", The Drudge Report, December 7, 2010

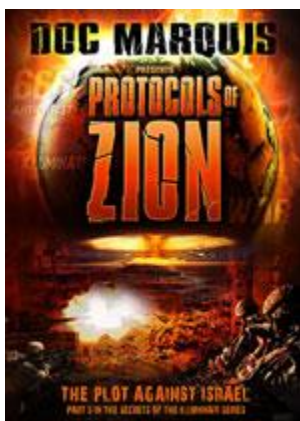

"WASHINGTON -- Department of Homeland Security (DHS) Secretary Janet Napolitano today announced the expansion of the Department's national "If You See Something, Say Something" campaign to hundreds of Walmart stores across the country—launching a new partnership between DHS and Walmart to help the American public play an active role in ensuring the safety and security of our nation."

Since the ugly days of 9/11, I have been startled every time I hear American officials - from both sides of the political aisle -- telling us that we need to give up some of our liberties in order to achieve "peace and safety" in the face of Terrorism. The prophecy of the Apostle Paul rings continuously in my ears:

"For when they shall say, Peace and safety..." (1 Thessalonians 5:3)

For the past nine years, we have heard government officials state that we need to restore the former "peace and safety" which we enjoyed prior to the attacks of 9/11, and to do that, we need to allow the Government to take away some of our liberties. Now, according to this Scripture, what is the next development once people start saying, "Peace and safety"?

"... then sudden destruction cometh upon them, as travail upon a woman with child; and they shall not escape."

DVD

This is the Illuminati Plan! Using terrorism as the excuse, the Illuminati plans to take our liberties under the guise of protecting both liberty and safety, followed by the empty promise that they shall return our liberties once the enemies of peace and safety have been defeated.

Listen to the wording of the Illuminati Plan:

"4. The GOYIM are a flock of sheep, and we are their wolves. And you know what happens when the wolves get hold of the flock?

5. There is another reason also why they will close their eyes: for we shall keep promising them to give back all the liberties we have taken away as soon as we have quelled the enemies of peace and tamed all parties

6. It is not worth to say anything about how long a time they will be kept waiting for this return of their liberties

7. For what purpose then have we invented this whole policy and insinuated it into the minds of the GOY..." (["The Protocols of Zion"](#), Protocol Nr. 11, "We Are Wolves")

Thus, over 200 years ago, leaders of the Illuminati were planning a campaign of terror upon the average citizen so that they would react by trusting government leaders to quell the enemies of peace by taking away their liberties. And, of course, these government leaders have no plans to ever give these liberties back under any circumstances.

We are living during the period when this plan is being worked out, in your Daily News!

But, notice the final statement in Paragraph 7: "For what purpose then have we invented this whole policy"!

They admit that they have "invented the whole" Plan with the entire purpose of convincing the minds of the masses of the importance of their plans. Remember, this Protocols Plan was created 200 years ago!

Now, let us return to our featured news story.

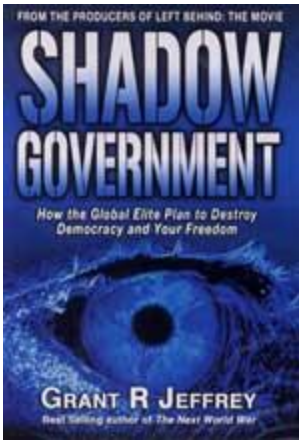

" 'Homeland security starts with hometown security, and each of us plays a critical role in keeping our country and communities safe', said Secretary Napolitano. 'I applaud Walmart for joining the 'If You See Something, Say Something' campaign. This partnership will help millions of shoppers across the nation identify and report indicators of terrorism, crime and other threats to law enforcement authorities'."

Every Absolute Dictatorship in human history has sunk its tentacles deeply into the everyday life of its subjects, spying on them every single day. By joining with Wal-Mart, Homeland Security has potentially achieved the potential of spying on huge numbers of citizens every single day.

Just as the TSA has never apprehended an actual terrorist, despite nine years of intrusive searches, Homeland Security has never apprehended a single terrorist. But, that does not prevent this Gestapo organization from insisting the threat is very real, thus allowing them to sink their tentacles deep into the America fabric.

The REAL danger of an anonymous tip is that it does not have to be based upon any reality whatsoever. In fact, the anonymous tip system encourages people who hold grudges against other people to "get even" by turning in their personal enemy to authorities as a "suspicious enemy of the state"!

Now, we cannot even go shopping at Wal-Mart without being afraid that someone will consider our normal activities to be suspicious and turn us into the authorities! Welcome to the "Brave New World".

II. Now that Wikileaks founder, Julian Assange, has turned himself in to authorities, will his purported "Armageddon Plan" to release even more sensitive files be carried out?

NEWS BRIEF: "[WikiLeaks founder Julian Assange arrested in sex case](#)", Los Angeles Times, December 7y, 2010

"Swedish authorities are investigating allegations of coercion, which he denies, in his encounters with two women. His website's release of U.S. diplomatic cables has embarrassed governments worldwide."

"Assange, 39, turned himself in to police Tuesday morning, hours after Britain received a formal warrant for his arrest from Swedish authorities. Assange denies any wrongdoing and says he will fight the attempt to extradite him, beginning with a hearing Dec. 14."

I have always looked askance at the "sexual improprieties" charges against Assange, as it smacked of a feeble government attempt to arrest an otherwise law-abiding man. Certainly, rape charges are easier to prosecute and much more acceptable to a public than charges of leaking government documents to a public anxious to see what their officials have been doing behind those closed doors.

Evidently, Julian Assange planned a much more embarrassing release of documents should he be arrested.

NEWS BRIEF: "[With Assange Arrest, Will WikiLeaks Go 'Thermonuclear'?](#)", A.O.L. News, December 7, 2010

"Days before Julian Assange's arrest, the WikiLeaks founder's lawyer warned that supporters will unleash a 'thermonuclear device' of government files containing the names of spies, sources and informants if he's killed or brought to trial. Now, it remains to be seen whether his surrender in Britain today is enough for them to push the button. "

What could possibly be in these files which could be so damaging to governments around the world?

"The 1.5-gigabyte file, which has been distributed to tens of thousands of fellow hackers and open-government campaigners around the world, is encrypted with a 256-digit key, The Sunday Times reported. Experts interviewed by the paper said that even powerful military computers can't crack the encryption without the key Assange has previously suggested that the documents are unredacted, meaning they contain names that normally would be removed before publication to protect the lives of soldiers, spies and sources."

Already, government sources are claiming that the release of the documents through Wikileaks threaten the lives of "soldiers, spies and sources". If the new material to be released is even more explicit and more current, lives could conceivably be lost.

Since the Western World is official "at war" with global terrorism, then the release of these documents could be claimed to be treasonous, and that charge could put the Wikileaks founders in prison, and could bring new government regulations against the entire Internet, since that is the system which Wikileaks used to release all these formerly secret government documents.

In the News Alert of Monday, December 6, we warned that this Wikileaks episode smacked of a government "false flag" operation and, if it is that, it would be designed to weed out of the Internet all dissident websites.

If the release of documents is "Thermonuclear", changes in law regulating the Internet could spring up literally overnight.

[Listen To Chris Pinto Interview On Brad Meltzer's History Channel Show 'Decoded'](#)

Brad Meltzer's team is investigating the historical mystery as to what happened to the White House Cornerstone.

Since the cornerstone was "Masonically Laid", Meltzer's team delves into the mysteries of Freemasonry -- or at least they say they want to. One team member has more than a passing interest in Masonry since her Dad was a Mason.

Meltzer's team interviews Chris Pinto on the subject of the inner workings of Freemasonry and what their ultimate goal truly is.

After interviewing Pinto, this team attempts to debunk his information, but does so clumsily and, in the process, actually lends credibility to what he said.

To discover the truth about the Masonically laid and designed Government Center, and proofs of their ultimate global agenda, watch our DVD, ["Riddles In Stone: The Secret Architecture of Washington, D.C."](#).

III. Two South American nations have recognized the Palestinian State, bringing the world closer than ever to fulfilling Isaiah 34:12!

NEWS BRIEF: ["Israel warns Argentina: Recognizing Palestinian state shatters peace process"](#), Ha-aretz News, 7 December 2010

"Israel's Foreign Ministry on Tuesday condemned as 'highly regrettable' Argentina's announcement of the previous day that it recognized Palestine as 'a free and independent state' within its borders prior to the 1967 Six-Day War. "

"The decision was highly 'damaging', foreign ministry spokesman Yigal Palmor said, 'because they are in fact shattering the foundation of the peace process'."

"Monday's announcement by the Argentine government followed Brazil's Friday declaration of recognition. The move came in response to a request for recognition by Palestinian President Mahmoud Abbas in late November. Abbas visited both Brazil and Argentina last year. "

Remember that both Brazil and Argentina are anti-Western, anti-Israeli governments. Their leaders would not find it hard to be talked into adopting such an anti-Israeli recognition of a Palestinian State.

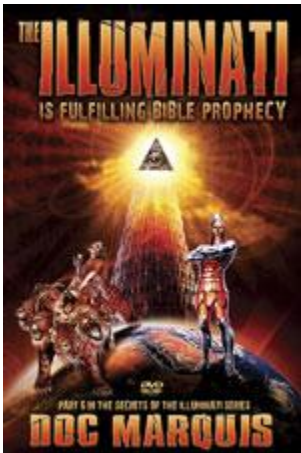

Remember, prophecy does not demand that a Palestinian State actually come into reality; all it requires is that such a state be declared. Listen:

If that happens, Isaiah 34:11-12 will be fulfilled to the letter:

"And He (God) will stretch over it (Edom) a measuring line of confusion and the plummet stones of chaos over its nobles. They shall call its nobles to proclaim the kingdom, but nothing shall be there ..." [Isaiah 34:11b-12; [Parallel Bible, KJV/Amplified Bible Commentary](#)]

"They shall call its nobles to proclaim the kingdom, but nothing shall be there".

When you hear this proclamation of a Palestinian State, know that Bible prophecy has been fulfilled, know that nothing will come of it, and know that the final annihilating war of the House of Edom, the Palestinians, is close at hand.

IV. As Coalition Forces prepare to leave Afghanistan, we need to look backward in time at other invaders to left in abject defeat.

NEWS BRIEF: "[For Invaders, A Well-Worn Path Out Of Afghanistan](#) ", NPR Radio News, December 7, 2010

"As 2011 approaches, things look a lot different for the U.S. in Afghanistan than they did back in 2001. The initial military mission of ousting the Taliban leadership that had harbored al-Qaida was achieved within weeks. But despite nine subsequent years of effort and billions of dollars in support, the U.S. has been unable to establish security or a strong central government. The Taliban reasserted its control over some areas."

"Many observers remain pessimistic about the administration strategy. History does not offer encouragement. What do the armies of Alexander the Great, Genghis Khan, the British Empire, the Soviet Union and now the United States all have in common? They all shed blood and tears in the indomitable mountains of Afghanistan."

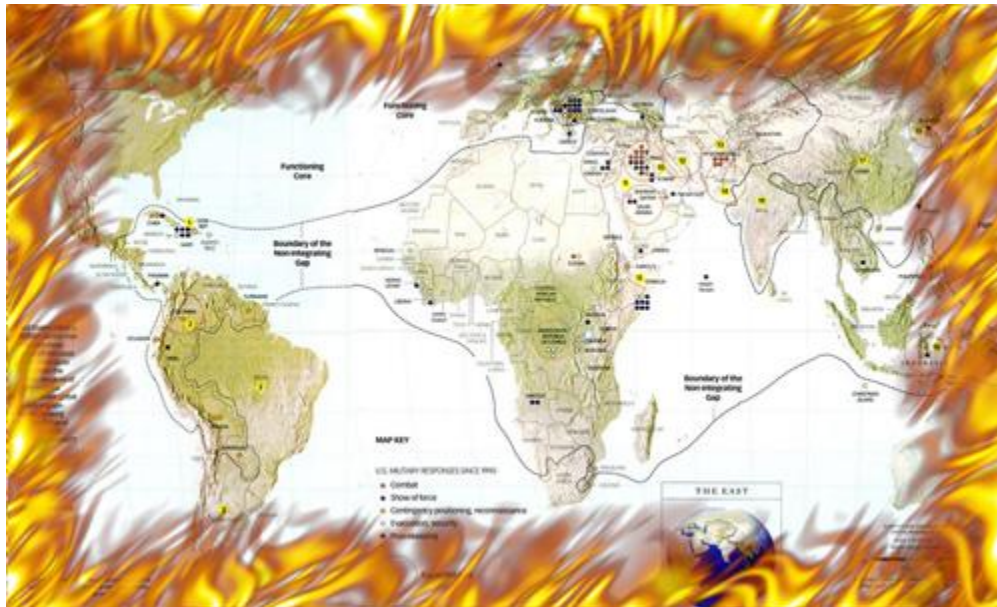

NATO and American forces are about to become the latest military armies to be defeated by the local tribesmen of Afghanistan. But, Cutting Edge was telling you this reality in November, 2001! We knew the Illuminati Plan well and understood that this war was planned to be fought not to win.

In fact, the entire effort in both Iraq and Afghanistan was designed to achieve a secret, unstated goal -- not the public goal of invading in order to fight terrorism.

The real goal has been realized, so it is time to withdraw so Nature and Time can work their deadly deed. The real goal was to fight using [Depleted Uranium munitions](#) so the entire country can be rendered unlivable.

As you carefully study the map of the "Non-Integrating States", below, you will realize that both Afghanistan and Iraq are geographically located within this region that their uranium contaminated dust can bring national death to many other nations located in this region.

[World On Fire In 'Non-Integrating Gap'](#)

Once you understand this reality, you will never look at the news from this region the same way again!
