Key Events

I. Dire financial news is raging across America today as economic collapse is being predicted over the lack of a debt ceiling agreement.

Remember what occult House of Theosophy Director, Alice Bailey, stated in her writings of 1918: The New Order must come about through economic pressure - Quoted in "[Paradigm Shift: 2012 & Beyond](#)".

Now, let us examine this supposedly horrible news.

NEWS BRIEF: "[Congress seeks debt result, Obama goes to public](#)", AP News, July 16, 2012

" President Barack Obama appealed for public support to push Congress to avert an unprecedented default on America's national debt as lawmakers worked on dual tracks to reach an elusive deal. Obama wants lawmakers to approve a giant package that would not only prevent a default by raising the government's borrowing limit, but also slash trillions of dollars from the country's enormous deficit. He challenged lawmakers Saturday 'to do something big'."

This article does not state how Obama intends to slash trillions of dollars from America's debt, but the Republicans are not happy over his proposals.

"But opposition Republicans, who control the House of Representatives, reject Obama's proposal to raise some taxes in addition to cutting spending."

A heinous proposal is bubbling to the surface, on which we reported last week.

"In the Senate, the Republican and Democratic leaders worked on a bipartisan plan that would allow Obama to raise the debt limit without a prior vote by lawmakers "

In dozens of instances in the past 60 years, Congress has simply rolled over to allow the President to accumulate more and more power to himself, thus moving us closer to that planned Absolute Dictatorship. In this proposal, Congress would be abdicating its fundamental Constitutional responsibility to control all matters relating to the purse.

At this moment in time, we need to step backward to assess the overall situation. Please keep several factors in mind:

1) The Illuminati decided before World War II began that Americans would never allow themselves to be manipulated into a global New Order if they felt as economically stressed as they did during the Great Depression of 1929-1939. Therefore, while the Elite planned to wrench the economy time and time again as they proceeded toward their goal, they specifically decided not to actually collapse the economy until the World War III which will stage Antichrist on the world scene.

2) Both Republican and Democrat parties over the years have participated rather equally in the mounting debt with which we are saddled. Presidents of both parties have had to petition Congress to raise the debt ceiling. Whenever the President is of one party and at least one of the houses of Congress is of the opposite party, we have these types of drama. The President petitions Congress to raise the debt ceiling while the opposing party resists -- and the issue always seems to come down to within a few hours of "disaster".

The debt ceiling has been raised many times in the past, often with great drama, but at the last minute, a deal is struck which "averts the disaster".

3) Republicans are genuinely afraid that this disaster will be pinned on them, just before the 2012 election. Can you imagine President Obama having to withdraw our military forces from Afghanistan and Iraq because the Republicans in Congress stymied a debt ceiling deal? Mass Media would have a frenzy painting this hasty withdrawal as an unmitigated disaster.

3) Competent financial people disagree on the degree of difficulty America will face if we did not raise the debt ceiling.

If a debt ceiling is not reached, I believe it will be because the Illuminati plans to force America into the North American Union. What better way to force this union than to force America into official default. Crisis is always the mid-wife of the New World Order Plan!

If the time has come to use this crisis as the means by which to give birth to the North American Union, the speed with which the transition will be made is likely to surprise you.

But, remember, the formation of the North American Union will be sold to the public as the only means by which this economy can be saved!

But, at the very least, do not be overly concerned about the media trumpeting the scary words, "depression", "economic collapse", "horror" and "economic disaster". This type of disaster is not in the Illuminati Plan and it is not in the Bible in the time period just prior to the seven-year tribulation!

II. The global population control plan is working!

Remember the wording of this Plan: "Take control of the world ... to reduce ... the world to a safe level by a process of benevolent slavery and genocide ... The only alternative left to the world's ruling elite was to increase the death rate ... Dr. Aurelio Peccei of the Club of Rome .. advocated that a plague be introduced that would have the same effect as the Black Death of history." (Bill Cooper, "[Behold A Pale Horse](#)", p. 49, 167)

NEWS BRIEF: "[Global fertility dropping dramatically as UN celebrates World Population Day](#)", By Daniel Taylor, Old Thinker News, July 12, 2011

"World Population Day was celebrated yesterday, as it has been every year since 1989. Propaganda spewed from the United Nations and other "green" organizations tell us that our carbon footprint needs to be reduced, we are having too many children, and our energy consumption needs to be cut in half. This propaganda is for the ignorant general public..."

"In reality a conscious and deliberate campaign to depopulate the world has been ongoing for at least a hundred years – and its working; So much so that Deutsche Bank issued a report in May of this year warning that the human population globally will no longer be replacing itself by the 2020's. As the report states,

"In our view, the human race will no longer be replacing itself by the early 2020s. Population growth will continue for a few more decades because of momentum from the age structure and people living longer but, reproductively speaking, our species will no longer be growing. This will be one of the most important turning points in history."

The Global Elite must be very, very happy over this turn of events! They have a general plan to reduce the global population by 66% soon after the Masonic Messiah arises. The Georgia Guidestones reveal a separate, far more draconian, plan, to reduce the population by over 90%!

As the world rapidly swirls toward an absolute dictatorship, I find it interesting that this current drive toward population control carries with it a public call for dictatorship.

" 'To achieve zero rate of population growth governments will have to do more than cajole; they will have to coerce'. Notestein concludes, "...to impose more drastic changes on a large scale implies many risks, not least to the regime that undertakes them. The price for this type of population control may well be the institution of a totalitarian regime."

Remember that no calls for population reduction are Biblical. God's mandate was firm: "And God blessed them, and God said unto them, Be fruitful, and multiply, and replenish the earth..." (Genesis 1:28)

Therefore, if these calls are not from God, they are from Satan, the same being driving the world into the New World Order, which can be simply defined as the "Kingdom of Antichrist".

III. Can the Tea Party become the Third Party of 2012, thereby giving Obama another 4 years in the Oval Office?

NEWS BRIEF: "[Gov. Barbour urges Republicans not to let the tea party become a third party](#)", The Times-Picayune (NOLA), July 17, 2011

"... Mississippi Gov. Haley Barbour, a former national party chairman, delivered a stern warning to Republican Leadership Conference delegates: Don't look for perfection in the potential nominees and don't even think about drafting a third-party candidate when the nomination fight is done."

"Don't get hung up on purity," he said. "In politics, purity is a loser. ... In this business, it is unity that wins elections. ... Barack Obama has worn out three sets of knee pads down his knees praying for the tea party to become a third party, because he can't lose."

President Bill Clinton can testify to the effectiveness of a third party in splitting the votes of his opponents. Twice, Ross Perot ran as a third party candidate and both times he handed the election to Clinton.

As unpopular as Obama is right now, a third party candidacy may be his only hope of getting another four years!
