I. The National Cathedral and other apostate 'christian' churches read the Islamic Quran from their pulpits this past Sunday!

The prophesied apostasy of the Christian Church is now deep and wide enough for Antichrist to arise!

NEWS BRIEF: **"Christian Churches Read Quran from Pulpits across America"**,

Patriot News, October 31, 2011

"How would you feel if your pastor stood in the pulpit this past Sunday opened what you believed to be his Bible and then started to read passages

completely unfamiliar to you. Then in the midst of the reading you hear him say Allah instead of God and you realize he is reading not from his Bible, but from the Quran."

"How would you feel and what would you do?"

"If this didn't happen to you yesterday, count yourself fortunate because it did happen to a number people sitting in Christian churches across America."

I will tell you what I would do if my pastor began reading from the Islamic Quran; I would get right up, marshal my family and leave that church, never to return. The very idea that 'christian' pastors could defile a sanctuary made holy by the presence of the Holy Spirit by reading a book sacred to a false pagan religion is almost incomprehensible to me.

Yet, prophecy warned us that this kind of a departing from basic fundamentals of the true Faith would occur at the End of the Age, and we were told to look out for it. Do you remember?

"Let no one deceive or beguile you in any way, for that day will not come except the apostasy comes first, unless the predicted great falling away of those who have professed to be Christians has come, and the man of lawlessness (sin) is revealed, who is the son of doom, of perdition..." (2 Thessalonians 2:3; [Parallel Bible](#),

[KJV/Amplified Bible Commentary](#))

In other words, the Antichrist (Man of Lawlessness) cannot arise until and unless Christian pastors, teachers and leaders begin to "fall away" from Biblical Truth. Once this falling away has reached a certain point, Antichrist can arise.

Therefore, this apostasy is a very big deal, a very important prophetic event. Christian pastors who lead their flocks away from core Truth are literally opening the door to Antichrist, just as the DVD shown above chronicles!

How many Christian leaders stop to think that their actions are opening the door for the dreaded Antichrist to stride onto the world scene? Would they continue this false teaching if they stopped to think about this prophetic reality? Or, is their heart so

hardened by years of false teaching and false believing that they feel nothing?

Why is the National Cathedral leading this effort to persuade christian pastors to read the Quran from their pulpits? Returning to our article, we find the answer.

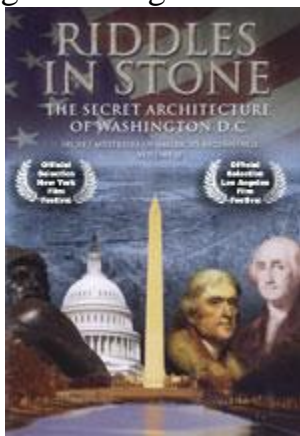

"Social activists involved with Faith Shared, a program of Interfaith Alliance and Human Rights First were trying to promote tolerance and respect of Islam and counter opposition to the Muslim faith. So

starting with the National Cathedral in Washington DC, at least fifty other churches in twenty-six states joined in the effort to host readings from the Quran."

"The effort is meant to counter what they refer to as 'anti-Muslim bigotry and negative stereotypes' that have been growing in the US. By getting prominent national and local churches to read from the Quran and teach their congregations about Islam, the Alliance believes it will help make Christians more knowledgeable and tolerant of Islam."

Why should christian churches build up the very religion which has slaughtered more Christians than any other religion? Do you know that the only reason many countries in Africa and the Middle East are so predominantly Muslim today is that, over 1,000 years ago, Islamic warriors carried out a very effective genocidal campaign against Christians throughout the entire region.

But, today, the most important prophetic reality is that all religions of the world must come together under one roof so Antichrist and his False Prophet can create their One World Church. The New England Director of the House of Theosophy called this global religion the "New World Order Religion" and he revealed that the Roman

Catholic Pope would be the leader of it, thus marking the Pontiff -- whoever he is at the time -- as the False Prophet of Revelation 13:11-18 (Read full details in [NEWS1052](#)).

DVD

Let us spend just a moment speaking of the National Cathedral. In the Summer of 2006, Chris Pinto and I were in Washington, D.C., filming the DVD ["Riddles In Stone: The Secret Architecture of Washington, D.C."](#).

We planned to see the National Cathedral, because New Age authors have made it quite plain that they consider this church to be central to the drive to the New World Order and to the appearance of the New Age Christ.

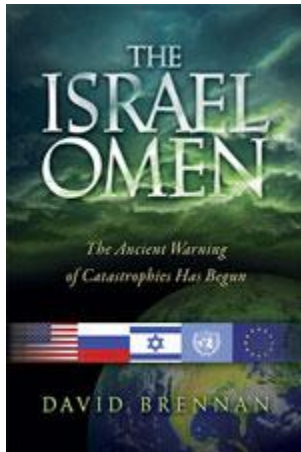

As Chris began filming the center of the church, he suddenly gasped and called me over. From the ceiling in the sanctuary, a man hung on a cross. But, this man was clearly not Jesus Christ. At first we thought he must be Maitreya the Christ, a name New Agers have given to the New Age Christ.

But, the clothing did not seem right. Then, we suddenly realized that we were looking at the mystical Persian Savior, Zarathustra! A Satanist once told me that, when Antichrist arises, his "bible" would be the book, "Thus Spake Zarathustra", by William Nietzsche, the man who popularized the notion that "God is dead".

Further research then revealed that the final savior of mankind will descend spiritually from the line of Zarathustra.

What blasphemy to depict Zarathustra as the Savior of all mankind, hanging on a christian cross! I felt the deepest sense of revulsion I have ever felt.

This is the National Cathedral, the church of the coming Antichrist!

II. As the Palestinians win a key U.N. vote to achieve nationhood, the Palestinians on the ground launch a powerful rocket attack against Jewish citizens.

NEWS BRIEF: ["Gazan missiles fly as Israel scrambles for a cease fire"](#), The Australian Jewish News, October 31, 2011

"ROCKETS from Gaza continued to hit southern Israel as a second cease fire in less than 24 hours was scheduled to go into effect. Egypt reportedly continued to negotiate a cease fire for Sunday night in an effort to stem a weekend assault of rockets and mortars on southern Israel."

Many communities continued to limit civilian casualties.

"... several southern Israeli communities such as Ashdod, Ashkelon, Beersheba and Gan Yavne announced that schools would remain closed on Monday.

At least 39 rockets and mortars pounded Israel's south over the weekend, including 11 on Sunday morning. Islamic Jihad claimed responsibility for the attacks. The attacks left an Israeli father of four dead and dozens wounded."

The Israeli Defense Minister issued a strong warning to Islamic terrorist groups.

"Israel's Defense Minister Ehud Barak said Sunday afternoon following a meeting with security and intelligence officials that: 'We will do anything to defend Israeli civilians. I advise the Hamas and Islamic Jihad terrorist organizations not to test our capabilities'."

Where is the vaunted Israeli missile defense system?

"An Iron Dome anti-missile system positioned near Ashdod failed to intercept rockets on Saturday due to a 'technical' failure, according to the IDF. It was back in service and intercepted a rocket on Sunday morning."

The fact of the matter is that Iron Dome is easily overwhelmed by multiple rockets in the air. Israeli civilians have little protection against these rockets. All they can do is hunker down, and hope it all ends soon.

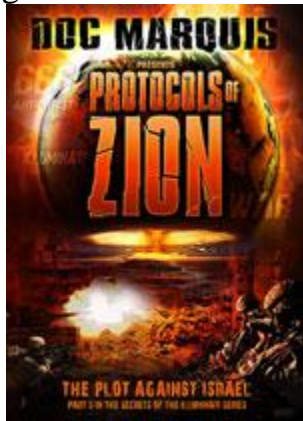

Discerning Israeli citizens realize that the day will come when Israel will be attacked by coordinated Islamic forces from within and without, and that the Arab arsenal of over 100,000 rockets will begin pummeling the tiny Jewish state.

At that time, God is going to have to intervene as He promised.

"AND AT that time of the end Michael shall arise, the great angelic prince who defends and has charge of your [Daniel's] people. And there shall be a time of trouble, straitness, and distress such as never was since there was a nation till that time. "

(Daniel 12:1; [Parallel Bible, KJV/Amplified Bible Commentary](#))

God will never allow Israel to be totally defeated and annihilated, but He will allow great devastation to occur, as the language in the above Scripture clearly indicates.

III. President Obama is taking a page out of the playbook for the dictators of Ancient Rome: during a time of chaos and inaction, the dictator stepped in to do what is "best for the people"!

Even if he had to act alone.

NEWS BRIEF: "[Carney: Obama will 'continue' to act 'independently' without Congress](#)", The Daily Caller News, October 31, 2011

"White House Press Secretary Jay Carney said President Barack Obama will 'continue' to act 'independently' without congressional authorization to 'benefit the American people' as part of the White House's 'We Can't Wait' campaign."

What is the President trying to accomplish by sidestepping Congress?

"He is simply acting to help the American people, whether it's with their mortgages, their student loans, their access to vital drugs, assisting businesses to speed up the process by which they get a, you know, contracts, with their payments from the federal government. These are all measures he can take administratively, and he will continue to take them."

The real problem is that once citizens are conditioned to see their President overstep his authority by bypassing Congress, then it will be far easier for the President to act independently in a scripted terrorist situation to suspend the Constitution, declare Martial Law, and begin arresting "dissidents".

This action is planned, and the President who undertakes these dictatorial measures will assure the people that he is operating with their best interest at heart and that they will get their freedoms back once chaos is banished and law and order reestablished. Listen to this plan, enunciated about 200 years ago.

"The GOYIM are a flock of sheep, and we are their wolves. And you know what happens when the wolves get hold of the flock? There is another reason also why they will close their eyes: for we shall keep promising them to give back all the liberties we have taken away as soon as we have quelled the enemies of peace and tamed all parties It is not worth to say anything about how long a time they will be kept waiting for this return of their liberties" ([The Protocols of Zion](#), Protocol 11, 'We Are Wolves' ")

DVD

IV. Police in Great Britain continue to take drastic steps designed to implement dictatorship.

All dictators in world history have wanted to impose great surveillance'; now, modern technology allows them to do so.

NEWS BRIEF: "[UK Cops Using Fake Mobile Phone Tower to Intercept Calls, Shut Off Phones](#)", Wired Magazine, October 31, 2011

"Britain's largest police force has been using covert surveillance technology that can masquerade as a mobile

phone network to intercept communications and unique IDs from phones or even transmit a signal to shut off phones remotely ... The portable device, which is the size of a suitcase, pretends to be a legitimate cell phone tower that emits a signal to dupe thousands of mobile phones in a targeted area. Authorities can then intercept SMS messages, phone calls and phone data, such as unique IMSI and IMEI identity codes that allow authorities to track phone users' movements in real-time, without having to request location data from a mobile phone carrier."

This technology is coming to the United States!

"Between 2004 and 2009, Datong won over \$1.6 million in contracts with the U.S. Secret Service, Special Operations Command, the Bureau of Immigration and Customs Enforcement and other agencies. In February 2010, the company won a \$1.2 million contract to supply tracking and location technology to the U.S. defense industry. "

"The FBI is known to use a similar technology called Triggerfish, which also pretends to be a legitimate cell tower base station to trick mobile phones into connecting to it. The Triggerfish system, however, collects only location and other identifying information, and does not intercept phone calls, text messages, and other data."

Governments all over the world are producing technological capabilities across a wide spectrum of society, all of which will one day enable the greatest dictator of all time to impose the greatest, most repressive dictatorships the world has ever seen. And, prophecy will be fulfilled specifically!
