

WARNING! The 'Livable Communities Act' (SB1619)

[Click to go to our Home Page](#)

**Title: WARNING! The 'Livable Communities Act'
(SB1619) Is The Official Implementation of the
New Age 'Re-Wilding of America'!**

**But, Senator Dodd (D-CT) is fast-tracking this legislation through
the Senate! Concerned, enlightened Americans must act NOW!**

The time has finally come in the march to the New Age Christ
(Antichrist) that radical plans considered by many to be too draconian to
ever be enacted are now marching on a "fast-track" through Congress,
spearheaded by a powerful Senator!

Senator Dodd's (D-CT) bill, "Livable Communities Act (SB1619)" is nothing more nor less than the implementation of the draconian "Re-wilding Plan" proposed many years ago by the New Age Movement!

Let us first review this bill proposed by Senator Dodd.

NEWS BRIEF: ["Social Engineering Bill In Senate Will Force You Into City"](#), by Bob Livingston, Personal Liberty Digest, September 10, 2010

"A social engineering bill to restrict residence in the suburbs and rural areas and force Americans into city centers has passed the United States Senate Banking Committee and is on the fast track to passage in the Senate. The bill is called the Livable Communities Act (SB 1619) and it was introduced by corruptocrat outgoing Senator Christopher Dodd (D-Conn.). It seeks to fulfill the United Nation's plan Agenda 21, adopted at the Earth Summit in Rio de Janeiro in 1992 and signed onto by New World Order President George H.W. Bush."

Notice that the key part of this Dodd plan is to "restrict residence" and to ultimately "force" Americans into city centers! As you will learn very soon, this plan has been in existence for decades and even has a map which details where Americans will live and where they will NOT live! We have dubbed this horrific plan the "Re-wilding America Plan".

Before we detail this plan, let us return to our featured news article:

"According to the non-profit American Policy Center the bill:

- * Is a blueprint for the transformation of our society into total Federal control.
- * Will enforce Federal Sustainable Development zoning and control of local communities.
- * Will create a massive new development bureaucracy.
- * Will drive up the cost of energy to heat and cool your home.
- * Will drive up the cost of gasoline as a way to get you out of your car.
- * Will force you to spend thousands of dollars on your home in order to comply."

"The idea of these social engineering initiatives is to force people to live in a congested area in high rise buildings with housing on the upper floors and stores on the bottom. The whole area will be linked by mass transit creating the 'utopian' communities loved by socialists."

Once again, this is the heart and soul of the "Re-wilding America Plan" so loved by radical New Age "fanatics". Where does President Obama stand in this life-and-death matter?

"... President Barack Obama is ♦ not surprisingly ♦ an advocate of this type of nonsense. And his cabinet is populated by elitists who think they know better than you how you should live."

Yes, Americans have been electing leaders for a very long time now who believe they know better than you how and where you should live! America has sown the wind, now we are about to reap the whirlwind, seven times stronger!

"Re-wilding America"

One of the really hidden goals of this type of legislation is the elimination of Private Property Rights. Our entire economic system hinges upon the preservation of Private Property Rights as our Founding Fathers certainly intended. THE most important difference between Capitalism and any other Socialist system is that Capitalism allows and encourages Private Property ownership, while Socialism and Communism forbid it, saying euphemistically that the "community" owns all property. While Fascist Socialism allows Private Property ownership, only the Global Elite will own anything because the Central Government decides who shall be allowed to own property.

The practical outworking of not allowing individuals to own private property is that the entire economy flounders as the most productive individuals in the society are deprived of the incentive to get ahead economically if they work harder, longer, smarter, and are more productive and innovative.

The Plan of the New World Order is to eliminate Private Property rights. But, they have an even more sinister and far-reaching plan than this, called the "Re-Wilding of America". This is their ultimate goal, and it is

toward this most horrible end that this current legislation is aimed. Let us explain.

To all those who have written this ministry to express disbelief about the Draconian, Orwellian plans of the New World Order, we hope you carefully read this article, and buy the materials we quote here, for then you will see the immensity of the threat that is about to explode with full force upon this unsuspecting nation.

DVD

But, first, let us lay some groundwork for our discussion. One of the first New World Order Plans ever published was a work entitled, "[The Protocols of the Learned Elders of Zion](#)". Written with a very thin cover as the plans of worldwide Jewry to gain control of the world, this plan is, in reality, a most comprehensive plan as to how to achieve the New World Order. The exact date in which this was written is obscured, but some believe it was written

in the late 1700's. When I read this little volume, I am amazed at the supernatural insight into human behavior these authors possessed.

Listen, now, to their plans as the world is just about to enter the final phase of the transition into their 'kingdom', the New World Order.

"When we come into our kingdom, our orators will expound great problems which have turned humanity upside down in order to bring it, at the end, under our beneficent rule. Who will ever suspect, then, that all these peoples were stage-managed by us according to a political plan which no one has so much as guessed at in the course of many centuries?" [["The Protocols of the Learned Elders of Zion"](#), end of Protocol No 13.]

Wow!! None of the peoples who are living at the time when the kingdom of the New World Order is being established, will ever understand that they have been 'stage-managed' by their leaders according to a plan that is several centuries old!! The New World Order literature quite boldly declares, time and time again, that their plan is a conspiracy; the Bible teaches conspiracy between God and Satan for control of the world, and a conspiracy at the very end that will allow Antichrist to arise. Yet, with both spiritual sides agreeing that there is a global conspiracy here, the

most common belief held by the average man on the street is that such a global conspiracy is impossible!! But, of course, that is exactly what the conspirators want you to believe, for then they can carry out their activities in the open, without fear of detection. Christians, wake up, and believe your Scriptures, and believe the words of the New World Order conspirators: we are seeing a global conspiracy occurring in our daily news, drawing us ever closer to the actual implementation of the New World Order.

Now, let us examine the first part of the Protocols Plan, above, which states that, just before the actual implementation of the New World Order, their "orators will expound such great problems which have turned humanity upside down in order to bring it, at the end, under our beneficent rule". Now, what "great problems", which are turning our world upside down, have we been hearing about for the past 20 years? We have been hearing about how man-- the highest of all the animals in the Evolutionary ladder -has been irretrievably damaging the Earth's environment, in all the following ways:

- * Polluted waterways, lakes, ground water, and streams
- * Polluted air
- * Ozone layer holes
- * Smog in all the cities, with all the damage created worldwide
- * Polluted landfills
- * Carcinogens in the air
- * Global warming - or is it cooling now?- caused by man's activities
- * Mining operations that are damaging the environment, and the "ecological diversity" of the Earth
- * Cutting of forests, especially rain forests
- * Human over consumption that constitutes tremendous waste of Mother Earth's limited resources.

Whenever responsible people, like scientists not involved with the Plan, object that most of the above warnings are just not true, or cannot be proven by scientific analysis, the answer we always hear is that, if such disasters were simply possible, we must act now. If we wait to act until science can "prove" such disasters are happening to Mother Earth, it will be too late to do anything about it. We have also seen how the extreme environmentalists have always resorted to creating fantastic false statistics about the amount of damage their is created -- statistics that, if analyzed, are found to be impossible, are continually being thrown out to a listening audience that swallows them down without ever thinking critically about them.

We have examined the original plan as espoused by the ["Protocols of the Learned Elders of Zion"](#) above, to deliberately create such huge disasters to panic the people into allowing the New World Order to be established. That was written about 200 years ago.

Now, let us move forward in time to Mikhail Gorbachev, former leader of the old U.S.S.R. Gorbachev said that the **"threat of environmental crisis will be the 'international disaster key' that will unlock the New World Order."** ["A Special Report: The Wildlands Project Unleashes Its War On Mankind", by Marilyn Brannan, Associate Editor, Monetary & Economic Review, p. 5.]

One of the current leaders in this effort is Reed Noss, Director of The Wildlands Project. Noss stated the goal very succinctly, **"the collective needs of non-human species must take precedence over the needs and desires of humans."** [Ibid., p. 4.]

Therefore, Extreme Environmentalism is designed to be the leading force in moving the world into the New World Order. Such environmentalism in this country is being primarily implemented by Executive Directive, not by Congress, simply because these people are aware that Congress, which is still elected by the people, could not enact such legislation without getting thrown out at the next election. Therefore, the Executive Branch, the President's Administration, has been quietly enacting a most bold plan to implement the Draconian goals of the New World Order through Directive, not through the Congressional process. After all, who pays much attention to what most of the obscure Federal Government agencies are doing? Most Conservatives have simply relaxed because we have prevented most of the very extreme environmental legislation from

being passed through Congress, not realizing the enemy is entering the proverbial chicken house by a rear door.

However, this bill IS going through Congress, probably because it is simply too huge for an Executive Order. I shudder to think that enough Americans have been deceived by this Extreme Environmental program of lying that we have reached the point where the majority of Congressmen are supporting this measure. Once more, we are brought face-to-face with the reality that the New World Order agenda is gradually being sold to most Americans. Soon, enough Americans will be convinced by the lies, and enough Americans will espouse the Satanic values of Hedonism, that the Antichrist can arise, fully expecting to be embraced.

This legislation flying through the Senate is the equivalent of a fox entering the proverbial chicken house, but through the front door, instead of the back.

DVD

Let us now review the broad scope of the applicable New World Order Plan regarding human populations. The New World Order Plan calls for a rapid and forced reduction in the world's population from the present 6 billion to only 2 billion.⁴ This Plan also envisions severely restricted usage of the land, all over the world, and a return back to the kind of economy which existed worldwide about 300 years ago.

Before you scoff, let me remind you of the words of Jose Arguelles, writing in his "25-Year Plan For The Earth", Arguelles calls for a "phase-out of our industrial civilization", to be implemented by the United Nations! ["Progress As If Survival Mattered", Friends of the Earth: 1981, p. 68-70, quoting David Brower, Friends of the Earth Chairman, former head of Sierra Club, as quoted in "A Planned Deception: The Staging of a New Age 'Messiah', by Constance E. Cumbey, Pointe Publishers, Inc., East Detroit, MI, 1985, p. 164-5.]

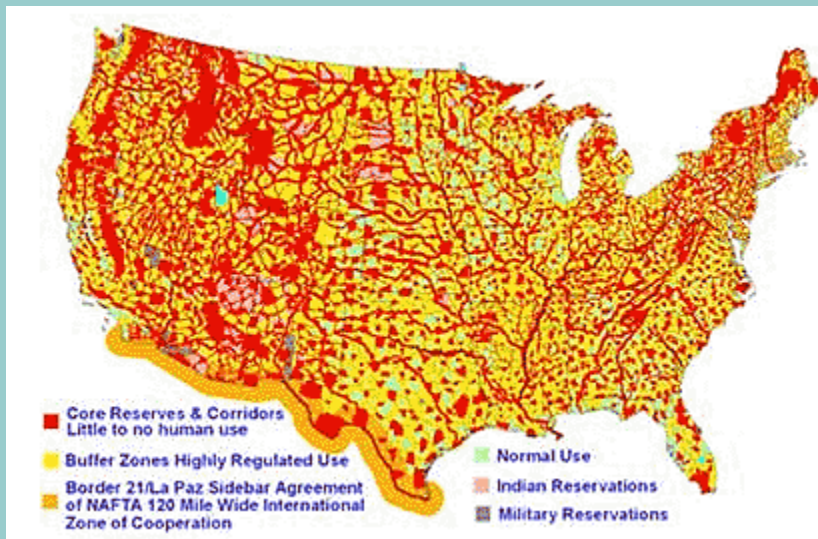

Did you catch this plan? The human population WILL BE resettled. Major population centers WILL BE thinned out. THIS is the true impact of this legislation. When time comes for the "thinning out" and the

"resettlement", no individual will have any say about whether or not they will go to the new area; they will NOT be allowed to stay in their privately-owned property. The benevolent, kindly mask of the Government Beast will have come off, revealing the true Nazi Wolf that has been there all along, now ready to rend and kill the flock.

When Arguelles states that the major population centers will be "thinned out", this is euphemism that means, people die. At this point, turn to your Scriptures to the End of the Age passage of Matthew 24, where Jesus is giving the many signs of the End. In verses 6-7, Jesus said that the preparatory period would be characterized by wars and rumors of wars, of nations battling other nations constantly. But then, in verse 15, Jesus places the Antichrist in the Holy of Holies, profaning it as Daniel had foretold. Then, in verse 21, Jesus said that great distress and tribulation would break out upon the earth during this time period, unprecedented in history, and that this tribulation would result in such destruction of life that, if God did not intervene, no person would be left alive.

What Senator Dodd did not tell you is that these areas to be eventually set aside in New World Order planning and will be swept of all human living and/or development, as part of the United Nations Biodiversity Protection program, created in 1972. This plan literally conceives of setting aside huge areas of the world where no humans can live -- will be allowed to live -- or work, or play. While this plan is global and is being instituted globally, we will limit our study of it to the United States. [The entire plan is published in a report entitled, "Our Global Neighborhood: The Report of the Commission On Global Governance", Oxford

University Press, ISBN 0-19-827997-3, 410 pages long]

This plan in America is called the "Rewilding" of America. This term means to re-wild this continent. In other words, they plan to

sweep aside all evidences of human endeavor, i.e., homes, businesses, structures, entire cities, allowing the land to go back to its natural state, before the wicked White Man took the land from the Native Americans (Indians). Using Presidential Directive, normally exercised through various Federal Government agencies, this "rewilding" project will be accomplished by declaring huge tracts of land completely off limits to humans. These tracts of land would be called 'reserves'. Reserves would "include wilderness areas and national parks while inner buffer zones would permit no agriculture, no more than 0.5 miles of road per square mile of land, primitive camping, and only light selection harvesting of forests. The June 25, 1993, issue of Science magazine reports that the plan calls for 23.4% of the land to be put into wilderness (no human use) and 26.2% into corridors and human buffer zones (very limited use by humans)." [Op. Cit., Brannan, p. 2.]

Humans will be forced into living in selected large cities. They will have no choice. This dictatorial provision is coming and Senator Dodd's new bill seems to be providing the beginning of this dictatorial policy!

This is 50% of America set aside!!! When you study the map, where these off-limits zones are designated, your mind will be blown by the unbelievability of it all!! You will be able to see if your area is one of those who are to swept clean of human activity, and you will be able to see where you might wind up being relocated. As I am looking at the map, I see that many entire states are set aside, to prevent any human activity at all. These "re-wilding" blocs are as follows:

* Oregon, Washington, Idaho, Utah, Montana, Wyoming, Colorado, New Mexico, Arizona

* Wisconsin, Michigan

* Maine, New Hampshire, Vermont, Massachusetts, Connecticut, New York

* Portions of Virginia, West Virginia, the Carolinas, Tennessee, Georgia following major river systems

* Portions of Florida

Remember, 50% of the United States is going to be set off limits to us nasty humans!!!!

We used some terms in the above quote that need to be defined.

* 'Wilderness area' is defined as the habitat of plants and animals. All human activity is to be forbidden.

* 'Buffer Zones' are those areas surrounding the wilderness areas. Limited and strictly controlled, only access is to be permitted by humans. No organized activity, such as work, or homes, or cities, will be allowed. Knowing how dictatorial government works, any humans allowed to be in these Buffer Zones will probably have to be given special permits. And, of course, paramilitary forces will undoubtedly have to be patrolling these zones, enforcing the limited human access.

* 'Cooperation Zones' are the only zones where humans will be allowed to live, and presumably, work.

But, how can this plan, extreme as it is, be implemented without arousing a population which still has the opportunity to vote? If the American people truly understood the gravity of the situation facing them, they would immediately vote the current rascals out, and elect officials not associated with this New World Order Plan!

According to Dr. Michael Coffman of Environmental Perspectives, Inc., a strategy to implement these reserves and corridors would be to follow these steps carefully -- for example:

Step 1. "Start with a seemingly innocent-sounding program like 'The World Heritage Areas In Danger'. Bring all human activity under regulation in a 14-18 million acre buffer zone around Yellowstone Park." [Good-bye, tourism. Of course, tourism is a bad thing, because it wastes resources like gas, pollutes the air, the streams and waters, and the land. Oh, especially the land. How much like pigs we humans are, with our sloppy habits of throwing empty containers all over Mother Nature, much of them made of plastic which takes eons to decay!]

Step 2. Declare all Federal areas, except for Indian Reservations, as 'Buffer Zones' along with private land within Federal Administration boundaries. [Indians, you see, are good people. Their ancestors practiced a Nature religion, which enabled them to live as one with Mother Nature. Have you noticed now how popular Indian culture and artifacts, and books, are in book stores and fashion retailers, especially in the New Age culture?]

Step 3. Extend the U.S. Heritage corridor 'Buffer Zone' along the major river systems in the U.S. Critical Federal lands and ecosystems could then be converted to 'Reserves'.

Step 4. Convert all U.S. Forest Service, including grasslands, and wildlife refuges to reserves. [Ibid., p. 2-3.]

When you add the reserves and corridors to this plan that have not been yet implemented in Steps 1-3, you will discover that 50% of the United States of America will have been swept absolutely clean of all human activity!! Obviously, America is not quite ready for this Draconian plan just yet. However, Senator Dodd's plan takes us all a lot further down this path than I thought possible before Antichrist arose.

Once the United States is thus reorganized, how will it be governed? The country will be divided into 21 bioregion councils [Ibid. p. 3.]

As a side note, occultists love the number 21, for two reasons: First, it is derived from multiplying 7 [number of perfection] with 3 [number of the Pagan Trinity]. The actual number 21 literally means, to the Satanist, "Exceeding Sinfulness of Sin". ["The Secrets of the Illuminati", by Doc Marquis]

So it is not surprising to me that this Satanic system is going to be 'governed' on a local level by 21 'bioregions'.

These 'bioregion councils' will supersede the authority of any local, state, and national governments who might disagree with their policies. These councils will be serving a new master: the United Nations.

"Environmental organizations such as the Sierra Club, Nature conservancy, and other green organizations will be given the green light [to be] the enforcement arm of these council at the local level." [Op. Cit., Brannan, p. 4]

Have any of you read the misinformation book written by Al Gore, published just before the 1992 election? the book was entitled, "Earth In The Balance", and it reiterated the Extremist Environmentalist message that is behind the monstrosity of the plan we have just examined. Gore's premise was hysterically alarmist, as he predicted that a variety of environmentalist disasters were about to befall the world, unless global governmental action was taken on a variety of fronts.

Do you know what struck me about Gore's book? While it was chock full of "scientific" data, and technical conclusions and/or warnings, Gore never footnoted anything!! Nothing, not one footnote. Even though he has a generalized "Notes" section in the back, by chapter, they cannot take the place of specific notes at the many critically specific, technical, and controversial subjects which he was discussing. Gore's book would have received an "F" in my English classes, both at high school and college levels. But, Gore was appealing to the normal citizen of today, with education dumbed down, standards lowered across the board of human behavior, and totally unprepared to think critically. Gore simply fans the fires of emotional response.

His book is the epitome of the plan quoted above, from the ["Protocols of the Learned Elders of Zion"](#), ""When we come into our kingdom, our orators will expound great problems which have turned humanity upside down in order to bring it, at the end, under our beneficent rule".

"The Ecosystem Management Plan, originally promoted by Vice President Al Gore, calls for 50% of the land with the United States to be returned to wilderness.

Has anyone here heard of the U.N. organization called the United Nations Environmental Program (UNEP)? It was created in December, 1972, by U.N. Resolution #2997. This agency is planning to organize every society on earth under the pretense saving the environment. The entire world has been mapped into 'bioregions' and "is responsible for virtually all of the environmental policy changes that have occurred globally in the last two decades."13 [Op. Cit., Brannan, p. 7.]

As expected these Neo-pagans love the number 5, having developed a 5-step plan of action to implement their Orwellian goals.

1. "Redraw land maps' based upon biological characteristics, not on political boundaries
2. "Regroup human populations into self-sustaining settlements that minimize impact on biodiversity." [Remember Argulles' goal, "Thin out population centers and Resettle populations"?)
3. Educate humans in the 'gaia ethic'. [This is the Satanic concept that Mother Earth is a living, breathing goddess, the creator and sustainer of all life. And, yes, she is very angry at the way mankind is treating her!!

This is why we have had so many bad storms the past several years you know. And, believe me, too many of our current political leadership believes this paganism! This sobering fact is the reason a majority of Congressmen may vote for this bill.

Remember Arguelles' assertion that the control of the Planet had been turned over to shamanist control? The New World Order Plan is based upon Nature Worship with Mother Earth Gaia at the center.

4. "Create a new system of governance based on local decision-making within the framework of international agreements". This new system of governance will most definitely not be based upon our wonderful Constitution, with its protection of the individual, its control of the three branches of government, and its Christian base. Nature worship is here, and it is dominant!

5. Reduce the use of natural resources by (a) reducing population; (b) reducing consumption; and (c) shifting to 'appropriate' technology.

When discussing these terrible plans, especially #5, I think it is time to finally tell you why the leadership of the New World Order wants to so drastically change the societies of the world, why they want to kill so many people, and destroy the greatest civilizations and standard of living the world has ever seen (Western and Asian countries).

When the New World Order is finally established, its current leaders do not want to inherit an earth that has been emptied of essential raw materials. They do not want to take control of an earth that has less than 300 more years of materials such as oil, coal, iron ore, etc. Therefore, when they look at the profligate consumption of Western countries such as the United States, they are appalled. Rather than appreciate the high standard of living which our country affords its citizens, and which is the envy of the world, these leaders see the with anger. Their current models tell them that this Earth does, indeed, have less than 300 years left, of raw materials.

These leaders are so concerned that they speak often of "Operation Starseed", which is a space program dedicated to find a new planet which will sustain life before Earth runs out of materials!! This is the real reason the advanced nations of the world have large, expensive Space Programs, especially depending upon long range probes to tell them where to look for life, so we can plan manned missions to the planet(s)

which can sustain life. I bet you did not know that NASA [National Aeronautics and Space Administration] was originally established according to the agenda of the New World Order Plan. But they were, which is exactly why you cannot trust what they tell you; they are not the "impartial, objective" "scientific" organization they are portrayed to be. Yes, there are well-meaning, creative, and expert scientists working for NASA, but the organization is controlled from the top by people fully in-tune with the Plan.

Now, if the leaders of the New World Order are so very concerned about the high consumption of the advanced Western societies, which single object might they hate the most? Of course, they would be most concerned about the indispensable automobile. You can see this concern expressed by Gore, in his book, when he tells his gullible readers how very dangerous to society the automobile has become.

"We now know that their [automobiles] impact on the global environment is posing a mortal threat to the security of every nation that is more deadly than that of any military enemy we are ever again likely to confront." ["Earth In The Balance: Ecology and the Human Spirit," by Senator Al Gore, Houghton Mifflin Company, Boston, 1992, p. 325, ISBN 0-395-57821-3.]

Now, wait a minute, I thought the deadliest threat to global security in 1992 when Gore published his book was still the nuclear bomb! Gore is telling us that automobiles are more dangerous to global security than the nuclear bomb. Then, he tells us that this threat is a "mortal threat". Well, it does stand to reason, does it not, that mortal threats have to be dealt with in a most direct and aggressive manner? That is exactly what this new extreme environmental "population resettlement" plan does -- it deals with this "problem" in the most direct and aggressive way possible.

What can be done about all this? You could write your elected representatives, expressing outrage that this type of activity is continuing apace, demanding that it all stop immediately. Or, you could vote the incumbents out of office, electing people who would vote to stop this juggernaut toward the New World Order. However, very few of these kind of people are currently running; and, it is not enough to vote out Democrats because Republicans are just as committed to the New World Order as are Democrats.

Truly, God has reacted to our growing rejection of Him and His Word, and has allowed Satan to cover all his bases. We truly have no choice in the ballot box now.

The Bible states unequivocally that, once Israel is reestablished back to her land [which occurred in 1948], the clock begins to tick down to the End of the Age. At this time, Satan will begin to build his forces to stage the appearance of Antichrist. God clearly states that He will allow Antichrist to succeed, "shall prosper until the indignation be accomplished ..." (Daniel 11:36b). In other words, God is going to allow Satan to set up the kind of earthly kingdom he has always wanted to set up, but will limit his time to only 7 years after confirming the national covenant with Israel. The only preparation is to be ready to meet your Creator, Jesus Christ, face to face? As Jesus so clearly stated, "you must be born again".

Are you spiritually ready? Is your family? Are you adequately protecting your loved ones? This is the reason for this ministry, to enable you to first understand the peril facing you, and then help you develop strategies to warn and protect your loved ones. Once you have been thoroughly trained, you can also use your knowledge as a means to open the door of discussion with an unsaved person. I have been able to use it many times, and have seen people come to Jesus Christ as a result. These perilous times are also a time when we can reach many souls for Jesus Christ, making an eternal difference.

If you have accepted Jesus Christ as your personal Savior, but have been very lukewarm in your spiritual walk with Him, you need to immediately ask Him for forgiveness and for renewal. He will instantly forgive you, and fill your heart with the joy of the Holy Spirit. Then, you need to begin a daily walk of prayer and personal Bible Study.

If you have never accepted Jesus Christ as Savior, but have come to realize His reality and the approaching End of the Age, and want to accept His FREE Gift of Eternal Life, you can also do so now, in the privacy of your home. Once you accept Him as Savior, you are spiritually Born Again, and are as assured of Heaven as if you were already there. Then, you can rest assured that the Kingdom of Antichrist will not touch you spiritually.

If you would like to become Born Again, turn to our [Salvation Page](#) now.

We hope you have been blessed by this ministry, which seeks to educate and warn people, so that they can see the coming New World Order -- Kingdom of Antichrist -- in their *daily news*.

Finally, we would love to hear from you.

You can [contact us by mail or email](#).

God bless you.
