I. Goodbye, American Dollar - Hello, New Global Currency!

Finally, plans created in 1969 to gradually replace the American Dollar as the international currency are moving into a final phase.

As we have stated before, the demise of the Dollar is planned and will occur without collapsing the economy.

NEWS BRIEF: "[Doing The Global Currency Shuffle](#)", Alt-Market.com 18 July 2011

"The most common argument made in the mainstream against a global currency taking shape is the argument that no other currency in the world today has the strength or widespread circulation necessary to replace the dollar as a primary reserve unit. This is true, if, you only look at separate currencies, and not the big picture."

"The reality is, central banks and the IMF have no intention of replacing one national currency with yet another national currency as the world reserve. What they DO intend to do, however, is replace the dollar with a basket of national currencies linked together and homogenized under a single unit."

For years, Cutting Edge has been stating that the plan for an international currency to replace the Dollar would revolve around a "basket of currencies" because we literally believed this part of the Illuminati plan when we read it. When was this plan initiated?

"A global currency, or at least the foundation for one, already exists in the form of "Special Drawing Rights" (SDR's), created by the IMF in 1969 ... as paper collateral used to replace gold as the primary means of international trade between governments and central banks without the need for Forex exchanges .. Today, the asset has morphed into a trade mechanism representing a basket of currencies, and, a tool to displace the U.S. dollar as the world reserve currency."

Therefore, the American Dollar has been targeted since 1969 for eventual replacement as the international reserve currency. Forget all those rumors that a single currency is

going to replace the Dollar; the plan from the beginning is to replace the Dollar with the SDR (Special Drawing Rights).

Already, the IMF is issuing SDR's to foreign countries rather than Dollars or any other foreign currency. The concept of an SDR as currency is so foreign to most Americans that they will not object to their precious Dollar being slowly and gradually sent to the dustbin of history so that the SDR can replace it.

Within the United States, of course, people will still be using Dollars as our medium of exchange, unless the American Dollar has also been replaced by the AMERO, the currency of the North American Union!

Get ready, also, for ratings agencies to systematically downgrade the American credit rating in the world, and do not be scared. This rating system will not cause the American economy to collapse, but will so frighten Americans that they will be more readily agreeable to the North American Union and its currency.

What are the changes still to be made which will occur before the Dollar is replaced on the world scene?

- 1) The IMF Must Increase Circulation Of SDR's
- 2) Standardized Exchange Tables For The SDR Must Be Put In Place
- 3) The SDR Must Be Made Indispensable To Global Markets
- 4) China Must Be Given Membership In The SDR
- 5) China Must Decouple Completely From The Dollar
- 6) The Dollar Must Be Removed As The World Reserve Currency

As we contemplate the role of the United States in this post-Dollar world, we must turn to some basic understandings:

- 1) The Illuminati decided, many decades ago, that Americans would never tolerate the New World Order unless they felt prosperous enough to keep chasing the Materialistic gods of mammon. Therefore, while twisting the economy often and hard, the Elite had no intention of actually causing a collapse - until the beginning of the World War III which shall stage Antichrist on the world scene.
- 2) The Dollar must deliberately be brought low and eventually phased out; otherwise, the new global currency and the North American Union currency could not be phased in.

3) The Book of Revelation paints a picture that some countries are going to experience prosperity right up until the mid-point of the Tribulation (Read full details in [NEWS2239](#), entitled, "**Will Some Nations Experience Economic Prosperity In The Tribulation Period?**")

We believe that all the "[Functioning Core](#)" nations will be the ones experiencing this prosperity until the horror of God's judgments begin falling right after the mid-point.

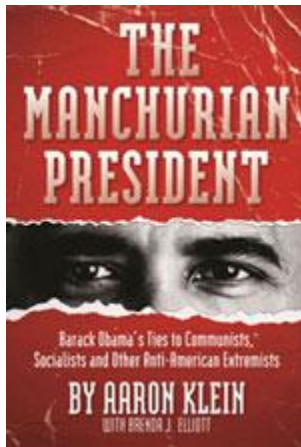

4) Cutting Edge has taught for two decades now that the Economic Babylon which so dominates the world economy in Revelation 18 is the United States (Read full details in [CE1038](#), entitled, "**Economic Babylon of Revelation 18 May Be America**").

Once you understand how these prophecies are working out in today's world, you will no longer worry about the economy collapsing.

Truly, these are the days of which Jesus predicted. He said that one of the signs of the End of the Age is: "**Men's hearts failing them for fear**" (Luke 21:26)

The Biblical assurance holds firmly: "Fear not, there is nothing to fear, for I am with you; do not look around you in terror and be dismayed, for I am your God. I will strengthen and harden you to difficulties, yes, I will help you; yes, I will hold you up and retain you with My victorious right hand of rightness and justice." (Isaiah 41:10; [Parallel Bible, KJV/Amplified Bible Commentary](#))

There will be no economic collapse until the beginning of World War III. You can take this advice "to the bank"!

II. Congress is now nearly impotent, as the plan since 1776 finally nears its predetermined conclusion.

Republicans as well as Democrats have contributed to this Constitutional disaster.

NEWS BRIEF: "[The Cowardly Congress and the Tyrannical President](#)", July 18, 2011

"The abdication of Congress as a co-equal branch of the central government monolith is complete. It took decades for the timid clan of the 535 to capitulate to the 'so called' most powerful person on the planet ... Treachery is the coin of the realm in this imperium, as long as the basic structure of the empire remains intact."

After reporting the prominent role Nancy Pelosi and her Democrat Party has played in this role, this author then turns his attention to the Republicans.

"... The Republican leadership can always be counted upon to let victory escape, when they have the votes to force significant restructure."

Therefore, this current Republican leadership of the House and the Senate is selling out this core constituency in the very same manner as did Newt Gingrich and his 1994 Republican gang. In fact, every single time since the end of World War II that the Republicans have had the votes to derail a portion of the New World Order agenda, they have "let victory escape"!

How can this be? Both Republican and Democrat leadership are equally committed to the full and complete agenda for the New World Order. While they may publicly disagree on many issues, they will agree on the key issues which are steadily bringing us to the final global dictatorship known as the New World Order.

Once you fully comprehend this reality, you will be closer to understanding the drama unfolding so sadly in Washington, D.C.

III. The Washington Times is the first Establishment news media to openly call for impeachment of President Obama.

Did Obama know something when he commented on possibly being a one term President?

NEWS BRIEF: [**"THE WASHINGTON TIMES – 1ST PUBLIC NEWSPAPER TO CALL FOR IMPEACHMENT"**](#), by Jeffrey T. Kuhner, reprinted on Randy's Right News, July 17, 2011

"President Obama has engaged in numerous high crimes and misdemeanors. The Democratic majority in Congress is in peril as Americans reject his agenda. Yet more must be done: Mr. Obama should be impeached."

This editorial then lists the crimes of which Obama is accused and for which he should be impeached.

1) "He is slowly – piece by painful piece – erecting a socialist dictatorship. We are not there – yet. But he is putting America on that dangerous path."

America has been on the path to [**an absolute Dictatorship**](#) since our Founding Fathers created this Republic! Events dramatically surged in that direction after World War II and especially, after the attacks of 9/11. In the years following 9/11, Congress passed, and President Bush signed, Patriot Acts I and II and a whole host of attendant laws which, when enacted, will snatch away our rights and privileges guaranteed by the Constitution.

In fact, President Obama is not even guilty of "erecting a socialist dictatorship". He is merely following the Illuminati Script in erecting a Fascist dictatorship (Read full details in [NEWS2197](#), entitled, "**President Bush Is Continuing The Clinton Initiative To Move The American Economy To The Planned Fascist Economy**")

The very fact that President Obama could fire the CEO of General Motors proves that our economy has moved into the planned Fascist economy.

2) "He is undermining our constitutional system of checks and balances; subverting democratic procedures and the rule of law..."

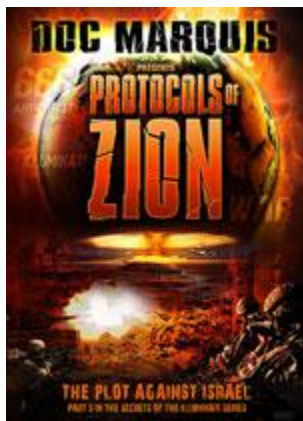

This sentence is true, but Presidents Bush and Clinton are guilty of the same offense.

3) "He has abused his office and violated his oath to uphold the Constitution."

Again, while this statement is true, President Bush abused the powers of his office to a much higher degree, both domestically and internationally. He will not face Judgment for his invasions of Afghanistan and Iraq - all of which were based solely upon lies -- until Jesus calls him to account on the day of the White Throne Judgment!

4) "His health care overhaul was rammed through Congress. It was – and remains – opposed by a majority of the people. It could only be passed through bribery and political intimidation."

President Bush rammed Patriot Act I through Congress. In fact, the huge bill which will one day reduce America to an Absolute Dictatorship was dropped at each representative's office after hours, giving no one the opportunity to even read its contents! That is far more grievous than Obama's handling of the Health Care Bill.

5) "Mr. Obama is waging a frontal assault on property rights."

Under the New World Order, no individual will be allowed to own property! That part of the plan goes all the way back to the Protocols of the Learned Elders of Zion nearly 200 years ago. Listen to the Plan:

"Therefore we must not stop at bribery, deceit and treachery when they should serve towards the attainment of our end. In politics one must know how to seize the property of others without hesitation if by it we secure submission and sovereignty." [Protocol Number One -- The Basic Doctrine , Paragraph #23].

Did you remember when President Bush created an Executive Order aimed against private property rights? Read full details in [NEWS2221](#), entitled, "**President Bush Threatens Iraq War Dissenters With Seizure of Property and Assets**".

6) "Mr. Obama's multicultural socialism seeks to eradicate traditional America."

Again, this charge is true, but has been true of most Presidents since World War II.

7) "Under Mr. Obama, the Constitution has become a meaningless scrap of paper."

For the last seven years of Bush's administration and during all of Clinton's reign, Cutting Edge showed instance after instance where the White House was eroding the Constitution piece by piece.

At this point, this author shows that he does not understand how politics works at all!

Listen:

"If Republicans win back Congress in November, they should – and likely will – launch formal investigations into this criminal, scandal-ridden administration. Rep. Darrell Issa, California Republican and ranking member of the Oversight and Government Reform Committee, has promised as much. Mr. Obama has betrayed the American people. Impeachment is the only answer. This usurper must fall."

As Governor George Wallace loved to say: "There ain't a dime's worth of difference between Democrat and Republican"!

-----Concluding Inspiration -----"After that ye have suffered awhile, make you perfect, stablish, strengthen, settle you." 1 Peter 5:10

You have seen the arch of heaven as it spans the plain: glorious are its colours, and rare its hues. It is beautiful, but, alas, it passes away, and lo, it is not. The fair colours give way to the fleecy clouds, and the sky is no longer brilliant with the tints of heaven. It is not established. How can it be? A glorious show made up of transitory sun-beams and passing rain-drops, how can it abide? The graces of the Christian character must not resemble the rainbow in its transitory beauty, but, on the contrary, must be stablished, settled, abiding. Seek, O believer, that every good thing you have may be an abiding thing.

May your character not be a writing upon the sand, but an inscription upon the rock!
May your faith be no "baseless fabric of a vision," but may it be builded of material able

to endure that awful fire which shall consume the wood, hay, and stubble of the hypocrite. May you be rooted and grounded in love. May your convictions be deep, your love real, your desires earnest. May your whole life be so settled and established, that all the blasts of hell, and all the storms of earth shall never be able to remove you. But notice how this blessing of being "stablished in the faith" is gained. The apostle's words point us to suffering as the means employed—"After that ye have suffered awhile" It is of no use to hope that we shall be well rooted if no rough winds pass over us. Those old gnarlings on the root of the oak tree, and those strange twistings of the branches, all tell of the many storms that have swept over it, and they are also indicators of the depth into which the roots have forced their way. So the Christian is made strong, and firmly rooted by all the trials and storms of life. Shrink not then from the tempestuous winds of trial, but take comfort, believing that by their rough discipline God is fulfilling this benediction to you.
