DVD

I. Glenn Beck boldly demonstrates the tight connection between Freemasonry and the Mormon Church!

Symbols tell the full story.

NEWS BRIEF: "[Glenn Beck dons Freemasonic patch during broadcast](#)", InfoWars, April 8, 2011

"It was on his Friday, April 1, program, but it was no joke. Glenn Beck, who has announced he will leave Fox News, was blatantly wearing a masonic emblem over his grey sweater ... Included in the imagery is a Mason's compass, a skull, a scroll & pen, and a date that appears to be 1681 or 1682 ... Why would Beck choose this apparel? Is it an obscure reference to colonial founders or a tip-off that his allegiances lie with the secret society-elites who have long wielded power?"

We have long maintained that a person must be committed to the Masonic Lodge and to its global ideals of a New World Order before they will be allowed to even step on the public stage. Certainly, Glenn Beck is demonstrating such loyalty.

But, there is much more to this story. In the new DVD, above, ["Mormonism's Temple of Doom"](#), Bill Schnoebelen proves that Mormonism was founded on Masonic principles and doctrine. In fact, the Mormon Church practices a most powerful form of Freemasonry. Therefore, we should not be too surprised to learn

the Glenn Beck -- a most avid Mormon -- has just shown his true Masonic colors.

Now, let us review an even more sinister display of the Black Fraternity -- the Skull & Crossbones. Beck is wearing this emblem on his belt in a most public manner.

What is Beck's purpose in wearing this Death's Head belt?

The purpose of any such display of occult symbols is

to simultaneously accomplish two goals:

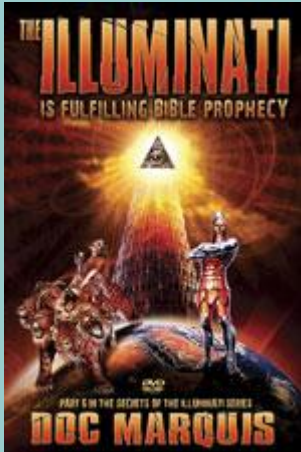

- 1) Send a message to other occultists that the person wearing the symbol that he is part of their fraternity and supportive of their plan for the world.

2) Hide this fact from an unsuspecting public

Listen to the comments from this article.

"... It is little different than Arnold Schwarzenegger, David de Rothschild and many others wearing such symbols while posing for magazines or other media— an act of flaunting their inclusion in elite circles and secret societies over the ignorant public who are not meant to understand."

Now you know the truth of Glenn Beck and his Mormon Church: Masonic to the core.

II. People have been duped once again, by the world's propaganda machine!

Israel ruled out a military strike on Iran six years ago, even as her leaders and key Western leaders, continued to breath out threats of a strike!

NEWS BRIEF: "[Israel ruled out military option on Iran years ago](#)", Haaretz News, April 10, 2011

"Senior defense officials ruled out an Israeli military attack on Iran's nuclear sites as early as five and a half years ago, telegrams sent from the U.S. embassy in Tel Aviv in 2005 and 2006 indicate ... In the first telegram, sent on December 2, 2005, American diplomats said their conversations with Israeli officials indicate that there is no chance of a military attack being carried out on Iran. "

"Levite said that most Israeli officials do not believe a military solution is possible', the telegram ran. 'They believe Iran has learned from Israel's attack on Iraq's Osirak reactor, and has dispersed the components of its nuclear program throughout Iran, with some elements in places that Israel does not know about'."

Therefore, since American and Israeli leaders knew that a military strike would not be effective, then all the grave pronouncements of an impending strike on Iran's nuclear facilities was simply and only a propaganda exercise, designed to scare people to death!

Cutting Edge has always believed that the prophecy of Ezekiel 38-39 protected both Iran (Ancient Persia) and Russia from a military attack. You can read full details in [NEWS2120](#), entitled, "**Nuclear Armed Iran vs Nuclear Armed America: Whom Should The World Fear?**"

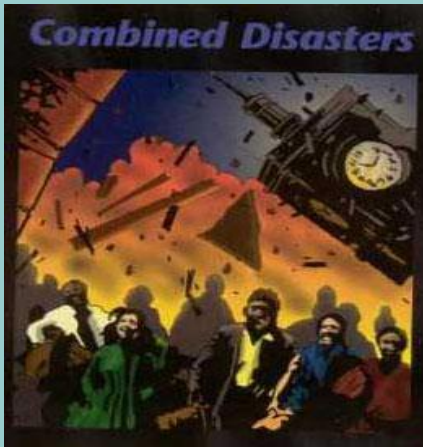

Iran is protected from a Western military attack because she is listed as one of the nations marching against Israel. Therefore, her ability to wage war against Israel cannot be shown to be ineffective at this moment in time.

Russia's military reputation is also protected by this prophecy. She is listed as the

equipper and the leader of this force coming against Israel. If Western technology was to penetrate Iran's Russian-supplied defenses now, none of the leaders of the prophesied nations would be willing to depend upon Russia's military machine to defeat Israel.

Therefore, largely on the basis of this prophecy, Cutting Edge took an unusually strong stand in predicting that there would be no Western attack on Iran over her nuclear facilities. We believed all along that this propaganda exercise was designed to produce a repeated dosage lasting seven full years of "Rumors of Wars".

Hopefully, we can now put this story away and never have to endure it again.

III. Japan has just been struck again with a 7.1 magnitude earthquake, in the same general area of the original March 11 quake.

NEWS BRIEF: ["Japan earthquake: Fukushima nuclear plant evacuated following aftershock"](#),
The Telegraph News, 11 April 2011

"Authorities issued a warning for a three feet high tsunami after today's earthquake, which had its epicentre in Fukushima prefecture. The warning was lifted after an hour. Workers battling to contain a crisis at the stricken Fukushima nuclear plant were ordered to evacuate after the powerful aftershock ... The earthquake briefly knocked out power to crippled reactors before electricity was restored.

" 'The company ordered workers to withdraw and stay in a quake-proof building', a spokesman for the operator said."

The news comes four days after northern Japan was hit by a 7.4 magnitude earthquake with an epicentre 25 miles under water near Sendai, a city devastated by the tsunami on March 11. On Thursday evening people living along more than 300 miles of coastline north of Tokyo were warned of a tidal wave up to 6ft high and told to move to higher ground. "

Japanese authorities simply cannot catch a break of positive news. Time and time again, just when they thought they were getting close to closing off the danger of the nuclear reactor, they would suffer another explosion, another earthquake, or some other disaster.

Tokyo was hit by this powerful aftershock.

NEWS BRIEF: ["Magnitude 6.6-quake jolts Japan coast"](#), CNN News, April 11, 2011

"Fires burned in northeastern Japan Monday evening after a powerful earthquake rattled the region, triggering several landslides that trapped four people in one city. The 6.6-magnitude quake was centered about 100 miles (164 kilometers) northeast of Tokyo and about 30 miles (50 kilometers) southwest of the crippled Fukushima Daiichi nuclear plant, according to the U.S. Geological Survey ... The Tohoku Electric Power Company said 220,000 households and businesses in Fukushima were without power after Monday's quake, which came a month after a deadly magnitude-9 quake and tsunami devastated the island nation."

Japan has, indeed, suffered "Combined Disasters" for which the Illuminati Card shown above clearly called. Remember, each card of this Illuminati Card Game depicts an action which the Global Elite plans to use to bring down this current civilization. if the majority of the peoples of the world can be made to feel so unhappy with our current civilization that they would support a man who arose to propose a New Order of the Ages.

As Doc Marquis stated in his DVD, ["The Protocols of Zion: The Plot Against Israel"](#), the Elite wants you to not only feel unhappy with our current world order, they want you to feel worn out and truly ready for a dramatic change!
